Installation & User Guide

Offering a finance quote to customers for your products makes selling easier. Ascentium Capital's iCalc allows you to provide customers with a quick finance proposal and a credit application.

Linking to iCalc from Your Website

We can provide a clickable button for your company's website. This will link to your custom iCalc. This button can be customized to match your brand and display a marketing message.

Three options to link to Ascentium's iCalc from your website

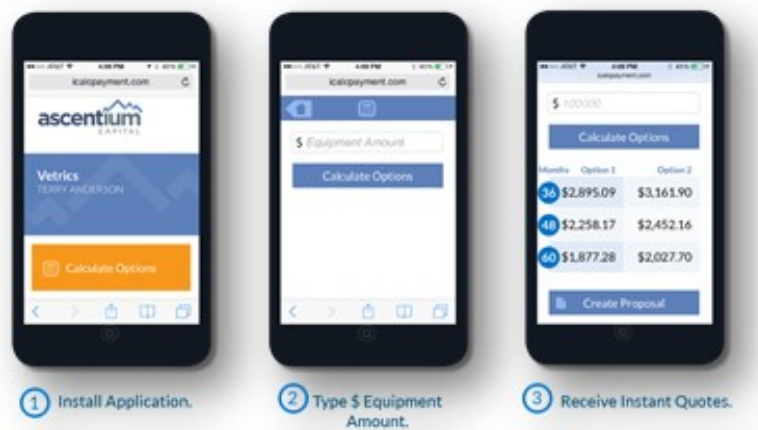

- 1) A link to redirect to the iCalc (the simplest and fastest way to integrate)
- 2) A link to open up a new page
- 3) An iframe on your site

Directions to Quote from a Mobile Device/Smart Phone

Step 1: To install the app, open the URL link provided by your finance specialist **on your smart phone**.

Step 2: While the page is open, add it to your bookmarks, favorites or home screen.

Step 3: Now you are ready to offer financing. The screen prompts you for inputs, guiding you through the process.

Directions to Quote from Your Computer

Provide your company's IT contact with the link and directions on the last page of this guide. Once the iCalc link is incorporated into your website, you can quote. Here's how:

Step 1: Enter finance amount and description, then click **Calculate** to view quote.

1 Enter Financing Information

Description field is optional.

Amount	Description	
120000		Calculate

Dollar amount must be greater than \$500.

Step 2: You will see up to four boxes with term and monthly payment range(s) depending on your specific finance program. Select a term. Once selected, the box is highlighted in orange.

2 Select Term *

24 months \$5093.41 - \$5732.23	36 months \$3553.45 - \$3971.29	48 months \$2785.91 - \$3093.74	60 months \$2327.33 - \$2569.46
---	---	---	---

Note: If the finance amount exceeds the program threshold, a message to request a custom quote from your finance specialist will appear.

* Click the box that contains your preferred term. Your actual payment will fall within this range, based on the finance structure that you choose.

Step 3: Business name and email address are required. All other fields are optional.

3 Get Started

Business Name	Your Name	
User Business	First	Last
Email Name	Business Phone	Mobile Phone
me@mybiz.com		

Submit [Terms and Conditions](#)

Enter the information then click **Submit**. Documents and an application will be generated. Documents are sent to the entered email address. If you or your company would like to receive automated e-mails with the proposals, simply ask your finance specialist for details.
